

ALDE VALLEY SPRING FESTIVAL 2020

On a Turning Wing : A Celebration of Birds, Flight & Migration

OPEN STUDIOS : OTIS LUXTON

in association with

THE SUFFOLK CHAIR COLLECTION

The Suffolk Chair Collection manages one of the largest private collections of traditional Suffolk Ball Back chairs in the UK. With over sixty chairs representing more than forty different designs, it offers a bespoke design service to customers, allowing clients to commission a unique contemporary Ball Back chair [or set of chairs] created by blending design features from the Collection's original chairs.

Over the past few years, working with different makers, we have handled commissions for over 45 new editions of Ball Back chairs based on designs found within the Collection including sets of 4, 6, 8 and 14 matching side chairs or carvers. We have been fortunate to work with some of the county's leading chairmakers, including Tim Whiting and Jim Parsons.

In 2018 and 2019 we offered a series of *Mendlesham Chair Residencies* to luthier Otis Luxton to help support a transition from instrument making to chair making. We are currently working with Otis as our exclusive maker for the Suffolk Chair Collection, offering a bespoke commissioning, design and build service for a growing range of contemporary Ball Back side chairs, carvers, bar-chairs and other unique Spring Festival chair designs.

If you are interested in ordering one of our existing designs or would like to commission a new design based on our collection of historic Ball Back and East Anglian chairs, please contact the Festival office.

Enquiries welcome + Commissions undertaken.
