

ALDE VALLEY SPRING FESTIVAL 2020

On a Turning Wing : A Celebration of Birds, Flight & Migration

OPEN STUDIOS : STEVEN JAMES WILL

~

This is the first time we have offered a Workshop Residency and Open Studio to Steven, having welcomed his beautiful porcelain mugs, cups and vases to the farm for a Christmas Market in December 2019. His work has become deeply connected to and resonant with the Suffolk landscape. Based at his studio near the coast at Bawdsey, he has developed his own unique approach to working with porcelain, introducing 'wild' ash collected from the burnt out remains of bonfires and fireplaces in the surrounding countryside. The forms he works with are delicate and refined, yet also robust, combining a simple and clean-lined aesthetic with raw ingredients sourced from the landscape ; a rare and unusual combination.

For the online Open Studios we are delighted to welcome a selection of mugs and vases with more stock to follow later in the Spring and early Summer. The Illustrated Catalogue of Stock will be updated accordingly so please do come back to visit again to see new pieces from Steven's studio.

MAKER'S STATEMENT

My work is related to the Suffolk landscape. My studio is isolated so I am producing work and will have more later. What is on show in the online Open Studio is a selection of work that I am working on at the moment : mugs and cast vases, all in ash glazes; new sets of graduated jugs; new sets of beakers with hand-faceted bases.

Enquiries welcome + Commissions and Bespoke Work / Sets of Mugs / Cups also undertaken.
